

Consultedge, Inc. Named To Fast-Growth 100 List by CMP Media's CRN

Identified as One of the Fastest Growing Solution Providers Across All Specialty Areas and Business Models; CRN is the 'voice' of the Channel

(Whippany, NJ, July 9, 2007) – Consultedge, Inc., leading platinum Avaya Business Partner specializing in IP telephony, converged telephony solutions and services, today announced that the company has been identified by CMP Media's CRN, vital information for VARs and technology integrators, as a Fast-Growth 100 company. With a two-year growth rate of over 66%, Consultedge, Inc. ranks #76 on CRN's Fast-Growth 100 list.

CRN's Fast-Growth 100 identifies the 100 fastest growing solution providers across all specialty areas and business models. The profiles and data developed by CRN's editorial staff provide insights into which models and technology are proving to be the most lucrative.

"Consultedge's inclusion on the CRN Fast Growth 100 list for the third straight year is a testament to the knowledge, commitment and hard work of an exceptional team of people," said Neal Stanton, President and CEO of Consultedge. "CRN's recognition of our growth gives well-deserved credit to the people who make Consultedge the company of choice for a fast-growing group of customers."

"As the channel's vital resource, CRN is solely focused on the Solution Provider community. This list, created by our editorial team, recognizes the Solution Providers that have worked tirelessly to support their customers. We salute them on their superior growth," said Robert DeMarzo, Editor of CRN.

"What makes this list so unique, and compelling, is that it represents such a large cross-section of the channel universe. What's more, this is a dynamic list. While 59 companies that were on CRN's 2006 Fast Growth 100 ranking made the grade again this year, sheer ingenuity and investment savvy propelled 41 new solution providers to growth rates worthy of the final cut."
